MISSION

2003

Our
Group Of
Company

Local support from a global network through our wholly owned subsidiaries and joint ventures of different ceramic brands, we have set the benchmark in the world by serving the quality tiles

Mr. Suresh Saradva
(Managing Director)

I would like to take this opportunity to reflect on my journey since the establishment of Penguin Ceramic in 2003. Throughout this remarkable journey, I have focused on three key pillars that form the backbone of our company:

Quality: We prioritize the highest standards of quality in every tile that leaves our factory. Our commitment to craftsmanship and attention to detail ensures that each tile meets and exceeds your expectations.

24/7, 365-day Service: Our dedicated team is available around the clock to provide exceptional service, addressing your needs promptly and ensuring your satisfaction, no matter where you are in the world.

Innovation and Technology: We embrace innovation and the latest technologies to enhance our products and processes. By staying at the forefront of industry advancements, we deliver tiles that are not only of the highest quality but also incorporate cutting-edge features and design elements

When you choose Penguin Ceramic, you can be confident that your tiles will be delivered on time, every time. We prioritize timely delivery and have implemented stringent quality control measures to ensure that each tile leaving our factory is carefully packaged to maintain its integrity during transportation.

WARM REGARDS,

Suresh Saradva

Our Product

Glazed Vitrified Tiles

600x 1200mm

We are manufacturing 600x1200mm Glazed Vitrified Tiles with high quality, durable and with a strong aesthetic impact capable of satisfying every innovative designs need. This tiles is available with different glaze , gloss , textures and designs, which make them suitable to enhance the modernize look of the wall and floor.

Manufacturing Excellence

Pallet Packaging & Loading

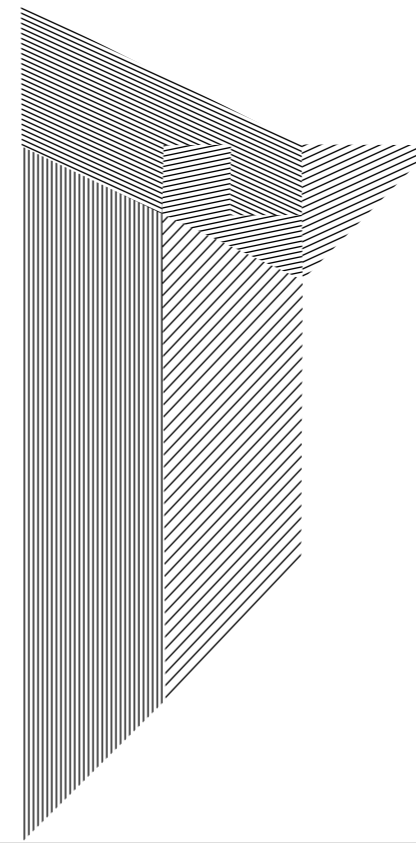

Tiles being brittle, packaging them properly to minimize the damage is a crucial issue during the transport. To ensure tiles travel the long journey and reach the destination safely- without any damage, we use pallet packaging only.

Pallet packaging allows us to safely stack the glazed porcelain tiles on the pallet, secure it with strapping, and minimize the risk of damage.

If elegance comes From within, there are no words to describe

Exceptional Storage Facility

We have a large storage facility built alongside our manufacturing unit located at the ceramic hub of India- Morbi. The warehouse is equipped with the advanced storage system, which helps us manage and organize our ceramic products efficiently
